Chaves WEP e WPA por defeito nos routers MEO

3, Abril, 2009 [Ver comentários](#) [Escrever um comentário](#)

A todos os que utilizam meo, aconselho vivamente a alterarem as passwords wireless wep ou wpa por defeito para passwords vossas, desta maneira mostro que é possível através do ssid descobrir qual a key que vêm por defeito no router.

O algoritmo de calculo é bastante simples, mais tarde irei explicar o método de obtenção das mesmas.

Aqui em baixo basta colocarem os números e letras do ssid e darvos-à a chave wpa predefinida do router.

MEO Keys
